Security Admin Roles:

Role	Description
Public	This role is given to public users enabling them the ability to maintain a profile, submit zakat applications, and review status
Complete	This role enables a user with it to review a zakat form to ensure that the data entered is complete and not artificial
Investigative	This role enables a user with it to leverage the data on the zakat form to perform an investigation on the zakat case
Eligible	This role enables a user with it to leverage the data on the zakat form to make an eligibility ruling on the zakat case
Admin	This role enables a user with it to administer organizations, users, and roles
